## *The scoop of the day*

Your feedback is very important in helping us gain a picture of the care you receive while using the services at the Project. Feedback ensures a continuing high standard of service and may highlight areas for improvement. This month we asked all service users to spare a few minutes to fill in our Engagement Survey, and we would like to thank everyone who did so. The survey covered 4 main categories –1. **Building and Premises**, 2. **Atmosphere**, 3. **Cost/Services**, 4. **Service impact**.

The results were very positive averaging 94% of individuals being happy/V happy with current services. There were also some helpful comments made.

If you would like to have a look at the survey results or give us some more feedback, which is always welcomed then please ask to speak with Lisa at the Project office on **620-7222**
